DONGSEO UNIVERSITY
CREATE YOUR BRIGHT FUTURE

President's Greeting

Welcome to DSU!

DSU is reforming university education and cultivating creative human resources in the era of the 4th Industrial Revolution and Smart Tech.

In 2022, DSU celebrated the 30th anniversary of its foundation. Despite its short history, DSU has been growing very rapidly, particularly in areas of specialization including film, design, IT, digital content, and media communication.

We have launched an independent college called International College, where all majors are offered in English. Majors are: Computer Science, Game Technology, Animation, Film & Visual Effects, Digital Design, Global Business Administration, and Korean Language and Business.

The world should be your stage. Do not limit or confine yourself to Korea. There is an exciting world waiting out there for you. Don't be discouraged by minor hardships. Don't sweat the small things. Be ambitious and dream big!

6. Global Programs: **Top Eight Extracurricular Activities**

Dongseo University's educational philosophy is that global programs should be diverse to cater to the diversity of students.

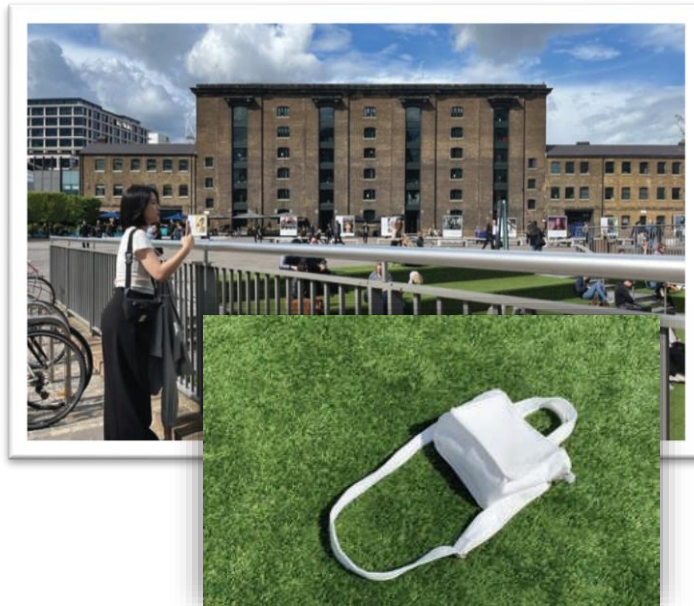

- ① Global Experiential Learning Sites: Projects in Korea and Abroad
- ② Credit Transfer Study Abroad Programs: Language and Culture
- ③ Dongseo Global English Program
- ④ Friendship Building Programs with Korean and International Students: International Day, International Culture, DSU Go Global, DSU Buddy Program
- ⑤ K-MOVE School: Internship Abroad
- ⑥ Overseas Community Service
- ⑦ Overseas Student Exchange Program
- ⑧ Masterclass with Overseas Scholars and Experts

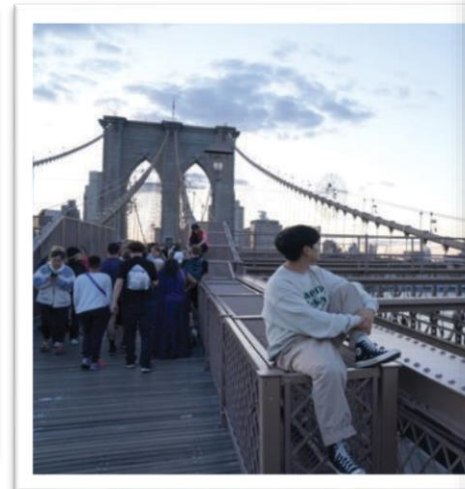

6. Global Programs: **Top Eight Extracurricular Activities**

① **Global Experiential Learning Sites (GELS)**

Global programs are deeply rooted in the concept of 'adventure.' This is seen vividly in the GELS program, which stands for 'Global Experiential Learning Sites.' Beyond traditional classrooms and lectures, it emphasizes forging one's own path among unfamiliar cultures and languages. Students design and execute projects on a global stage, engaging with experts both domestically and internationally. Beyond earning credits, GELS offers a unique opportunity to venture into the vast world, grow, and genuinely discover oneself. It truly is a self-directed adventurous learning.

GELS London and Paris Project, which helped a fashion design major student produce a handmade recycled plastic bag.

GELS New York Project, which aims to produce a life jacket using oyster shells for heat generation

6. Global Programs: **Top Eight Extracurricular Activities**

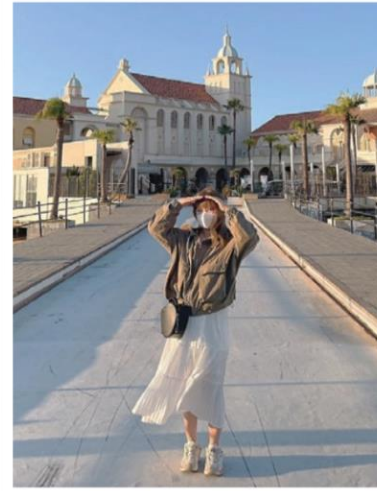

② **Credit Transfer Study Abroad Programs: Language & Culture**

Students are learning about global issues and trends, and understanding the cultures of other countries, and through the acquisition of local languages, they are directly experiencing global communication. Through this, they are meticulously cultivating the virtues that a global talent should possess

③ **Dongseo Global English Program**

One must continuously listen and speak in any language for it to truly become one's own. In this regard, the Dongseo Global English Program (DGEP) can be considered the best English learning program. It's as if students are attending classes in their native language at a foreign university, as they can take courses in English language and culture from English native-speaking professors.

Throughout the year, first-year students not only improve their English proficiency but also learn presentation skills and culture, taking their first steps as well-rounded global talents.

④ **Friendship Building Programs with Korean and International Students: International Day, International Culture Night, DSU Go Global, DSU Buddy Program**

Students are learning about global issues and trends, and understanding the cultures of other countries, and through the acquisition of local languages, they are directly experiencing global communication. Through this, they are meticulously cultivating the virtues that a global talent should possess

6. Global Programs: **Top Eight Extracurricular Activities**

⑤ **K-MOVE School: Internship Abroad**

Young people are nurturing their dreams in broader horizons like the US and Japan through the K-MOVE School, which supports overseas employment for youths. Among them, the K-MOVE School conducted by Dongseo University boasts top national standards in both the scale of support and the quality of employment.

Ranked #1 in the nation for overseas employment (as of 2022)

6. Global Programs: **Top Eight Extracurricular Activities**

⑥ Overseas Community Service

DSU International Technical Volunteer Group Overseas Community Service

Dongseo University, with the aim of conveying hope to global neighbors, uniquely established the International Technical Volunteer Group in 1996 among domestic universities. Every summer vacation, they carry out practical field education through various volunteer services on-site.

KOICA Overseas Community Service

To create a world where everyone is happy, the Korea International Cooperation Agency (KOICA) is carrying out the 'University Understanding Enhancement Program for International Development Cooperation.' This initiative aims to elevate the global citizenship awareness of university students and nurture talent that can participate in future international development cooperation projects. Since 2017, Dongseo University has been involved in this program to continue its efforts to promote students' global citizenship awareness
